Hi! I am Jimmy. Everybody can answer the question "What is the most important thing for you in the world?" in a different way. Some of them can say health. Some can say money. But my answer is friendship. If you don't have any friends, life becomes boring. Imagine that you don't have friends, who will you tell your secrets and who will you spend time with? I can't imagine a life without friends. You can share your secrets or you can tell your problems to them. Also, spending time with them always makes you happy. You know you can count on them and they always back you up. In my opinion, friendship is better than everything in the world.
